7. Notes

- 1) Documents submitted will not be returned, if the fact of the statement in the application is identified as false, the selection will be invalid, and the contract will be canceled even after the selection.
- 2) Applicants shall be responsible for the disadvantages of completing application mistakes, omission, unreachable, etc.
- 3) If the submitted works are not the applicant's own idea (plagiarism, using idea without permission, etc.), have been made in or outside of the Republic of Korea, were submitted to another exhibition, or violate the copyright of a third party, it will be excluded from the evaluation regardless of agreement of the original work creator. The selection will be canceled even after the selection from the exhibition if it was proven that the work violates any of the above. Also, the budget and prize money must be returned immediately. If there is obstruction of business or damage to the business, civil and criminal actions may follow.
- 4) Implementation facilities should be realistic in manufacturing and site installation, and the structure should be stable and durable in consideration of future maintenance and safety.
- 5) If there is a risk of safety accidents or defects, the operating agency may require supplementation and change. If the exhibitor's measures are insufficient, the operating agency may take action, and any cost incurred is deducted from the budget.
- 6) The plants should be considered with the construction area climate, and planting harmful and toxic plants is prohibited. Safety and defect prevention measures shall be presented if planting prohibited plants is unavoidable due to the construction concept. If necessary, the v may request replacement or change of the plants, and if the countermeasure is insufficient, the operating agency may take action, and any cost incurred is deducted from the budget.
- 7) Exhibitors should consider the safety of visitors and other exhibitors, and if safety problems are expected, the operating agency may require the revision of the composition plan and suspension of work. If follow-up measures are insufficient, the operating agency may directly take preventive measures and deduct the actual expenses from the budget.
- 8) The exhibition work must be completed within the date for completion. In the event of a significant delay compared to the schedule consulted in advance, the operating agency may notify the exhibitor twice and replace the exhibitor. In this case, all contracts for the entry selection will be automatically terminated, and all given budgets and expenses must be returned.
- 9) In the case of exceeding the construction completion date, there may be disadvantages in the Judging, and damages for delay may be claimed.

10) Exhibitors are responsible for the defect and management of the work (all composition of the work, such as facilities, plants, and finishing work) during the exhibition and should take immediate action in case of defects. In case of emergency defects, the operating agency may take supplementary measures after notifying the exhibitors, and any costs incurred in this case will be deducted from the budget. (Basic watering will be performed by the operating agency upon the requirement of exhibitors)

11) All notices, contracts, budget allocation, etc., related to the exhibition will proceed with the representative appointed from the submitted application form. No separate notification will be delivered to the team members.

12) Exhibitors selected as exhibition work shall participate in the preliminary briefing session and the opening ceremony. If they do not attend the preliminary briefing session, they shall be excluded from the selection (Agent attend available on behalf of the exhibitor)

13) It is available to recruit sponsors to work on construction, but the expression about the sponsors in the exhibition work is prohibited.

※ Sponsors can be specified on the information board, and exhibitors shall consult with the operating agency in advance.

14) All submitted works are free to construe the given theme, but political and religious expressions or directions expressing a specific country, person, or event is prohibited.

15) All works are managed by the operator during the exhibition period, and in this case, it is recognized that there may be partial planting changes or facility supplementation, and the participant agrees to this.

Recognize and agree that all works may be retained or removed according to the circumstances of the Suncheonman International Garden Expo Organizing Committee after the expo period.

16) Exhibitors shall abide by the rules of entry, operation hours, safe operation of a vehicle, access paths, designated work space, etc. announced by the operating agency, and recognize that the exhibitor is responsible for various work accidents (work outside of the allocated site, individual movement, material preparation, etc.) which are out of the supervision of the operating agency. Exhibitors also admit immunity from the Organizing committees of Suncheonman International Garden Expo and the operating agency.

17) The copyright of the work belongs to the participants. However, photographs, floor plans, explanations of the work, profiles of Suncheonman International Garden Expo 2023 can be widely used later. And the participating will not be paid an additional copyright fee for use of these. All the participating clearly accept, acknowledge and agree with that.

18) Site allocation for each exhibition work shall be arbitrarily allocated according to the harmony with the surrounding landscape and operation situation. Exhibitors shall agree to the design change according to the allocated site.

19) The budget includes all expenses incurred in constructing an exhibition work, such as material costs, labor costs, expenses, design costs, etc. budget will be paid through an Exhibition and Presentation team. (Exhibitors from abroad must designate partner companies inside Korea for the contracts, all budget allocation, and defect liability. Exhibitors are able to have a recommendation about the local company if necessary. Information on the allocation schedule will be presented during the preliminary briefing session.)

20) When selecting artists who participate in outdoor gardens, the Foundation of the Suncheonman International Garden Expo Organazing Committee can select some works preferentially depending on the progress status. And the participants agree to the above.

※ All the above contents and schedules may change, and notify the website(Korea Gardener Cooperative website) separately in case of changes.
